## Triangulation Cheers

Ooooo eee ha ha  
Sisi Hyi Hyi  
( Repeat 3x)  
Way down deep in the big bad jungle  
Lives a mean old beast with a fierce loud  
grumble  
He rips through trees and devours the seas  
He's mightier and stronger than Hercules  
The people run they shriek with fear  
Don't even try to interfere  
Not even steel can hold him back  
Ocean Alpine prepare for attack  
Safari village its time to feast  
Unleash the wilderbeast ( 5X)  
SAFARI!

MA MA MA MOWGLI ( 3x)  
Who needs the bare necessisties  
When winning is our destiny  
We understand your jealousy  
Ole mother nature's recipe  
Cooking up another win  
All because we don't have fins  
Fierce and wild man cubs  
We'll cut Alpine down to shrubs  
Jungle book is our story  
Safari's here to claim our story!

Take me out to the rec field  
Take me out with the crowd  
Buy me a sno-cone and camelback  
I do care if we don't get a snack  
Let us root root root  
For Sa-Far-li  
IF we don't win it's a shame  
For its red  
White  
We wont go out  
At tri-ang-ulation

The Alpine could not break through  
The ocean just got dried up too  
They think they got us trapped  
But they can't hold us back  
And we're bustin out of the zoo  
So watch how we move!
