

Game: Vaporized

Equipment Needed:

- Gator skin dodgeballs
- 5-8 hula hoops *depending on the numbers of players
- Cones or tape to mark the boundaries

Space: outdoor field or indoor large group space similar to a dodgeball court

Set Up:

- Mark the court with cones to lay out a dodge ball court with a line dividing in the middle.
- 10-20 Gator Skin balls are lined up on the middle line of the court.
- Lay down an equal number of hula hoops on either team's end line of the court

People Needed: 10-20 players divided up for two teams

Objective: Be the team that has the most people in the game when the timer is over.

Game Play:

- Regular rules of dodgeball exist here with one exception.
 - Teams are divided into 2 teams and line up on the end line of their half of the court.
 - When a player gets tagged, they must run to the opposite team's end line where there are hula hoops. They must stand in a hula hoop until a player from their team throws them a ball. Once the player standing in the hula hoop catches it, they are released back into the game.
