

Cloud Dough

Supplies Needed:

- Hair Conditioner (any kind-cheap and creamy works best)
- Cornstarch
- A mixing bowl
- Popsicle sticks to stir (one per person)
- Gel food coloring
- Ziplock sandwich sized bags (one per person)

Instructions:

1. Put equal parts of hair conditioner and cornstarch into a bowl and mix.
2. Start adding in more cornstarch slowly while mixing the ingredients. You should end with 2 parts corn starch and 1 part conditioner in the mixture.
3. Once the mixture is not sticking to the mixing utensil, use hands to start squishing it together.
 - a. If it is too wet, add more cornstarch. If it is too dry, add conditioner.
4. Scoop out a small portion of the mixture and form into a ball for each child.
5. Add food coloring drops to the ball and knead it in.
6. When done, store the cloud dough in the Ziploc bag.

Related Devotional

When you were mixing your dough and forming it into a ball, things got a little messy, right? Maybe things got all over your hands, but eventually it became a beautiful creation! This reminds me of 2nd Corinthians 5:17 (*read verse*). Our craft is kind of like our life with Jesus. He lived a sinless life and died for us in our place so we could have a relationship with Him! Through Christ, we are all made new creations!
