

Puffy Paint Ice Cream Cone*

*or another object to fit the lesson

Supplies:

- Food Coloring
- Glue bottle
- Shaving Cream
- White cardstock paper
- Brown Construction or Foam paper
- Scissors
- Markers
- Paintbrush
- Toothpicks or spoons for stirring
- Styrofoam Bowls
- Sprinkles (optional)

Instructions:

1. Give each person a Styrofoam bowl and mixing utensil. Put equal parts shaving cream and glue into each bowl and have them mix until peaks form.
2. Add food coloring into bowls (2 drops per person)
3. Using brown construction or foam paper, have the children cut out a triangle to make their “cone.” They can make it a waffle cone and draw diagonal lines from both sides (see picture) or leave it as is.
4. Glue cone onto white cardstock paper and the have each person write their name on the back of the paper. The puffy paint might get a little messy on the front, so having their name on the back will help later on!
5. Using a paintbrush or fingers, have the children paint the puffy paint onto the cone in ice-cream scoop shapes.
6. Add sprinkles and draw a cherry on top for fun, then put away to dry!

Optional Devotional:

We took a lot of time on making our ice cream cones look delicious, didn't we? This reminds me of Psalm 139:14, which says “I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well.” This verse reminds us that we are handcrafted by God; that he has made us to be just how we are, and we are so loved by Him! Imagine how much more God loves you, His handiwork!
