

Shaving Cream Marble Paper

Supplies Needed:

- Shaving Cream
- Food Coloring
- Wood Skewer
- White Card Stock Paper
- Ruler (or something with a straight edge)
- 9×13 Baking Dish or pan sized larger than your paper
- Paper Towels

Instructions:

1. Spray enough shaving cream to just cover the bottom of the pan, and then use a spatula or knife to spread it in an even layer.
3. Squeeze drops of food coloring on the layer of shaving cream.
4. Use a wood skewer to make swirls throughout the shaving cream, making sure to get the desired marbled look. (**Don't over stir your design!**)
4. Place a piece of card stock on top of shaving cream and press down.
5. Gently lift up and out of shaving cream and place on paper towels with the shaving cream side up.
6. Start with one side and scrape shaving cream off in one motion using a ruler. (This is when you'll be able to see the really cool marbling effect!)
7. Discard shaving cream and let paper dry completely.
8. Place heavy books to flatten paper if it bubbles up after drying.

Related Devotional:

When you dipped your paper in that shaving cream, things got a little messy, right? You swirled your mixture around, maybe even got it all over your hands? But then, you started to scrape away that layer of shaving cream and revealed a beautiful design! That's kind of like what Jesus does with our sin. It reminds me of one of my favorite verses, 2 Corinthians 5:17. When you look at your papers, remember that Christ died to save you from your sins. Through Christ, we are all made new creations! (can share the gospel)
