

Crafts: Tye Dye Surprise

Supplies/ Space Needed:

- Baby wipes (1 per camper)
- Rubber bands (2 per camper)
- Washable markers
- Place to hang or keep to dry

Instructions:

1. Pass out to each camper a baby wipe and tell them to pinch their wipe in the middle and twist it until it is in a thin twist. Have leaders come around to help as needed.
2. Next, the camper will twist 2 rubber bands around the twisted wipe in different places. This is where they will put the different colors.
3. Allow the campers to color with marker the different sections of the baby wipe.
4. Help campers to gently remove or cut the rubber bands and unfold the baby wipe, allowing them to see their tie dye work.
5. Either hang these or allow them to sit on a drying mat over night to finish drying completely.
